Arlington, VA · *Willing to relocate*

Senior UX/UI Designer with 8+ years of experience driving user experience and product strategy initiatives across healthcare, AI, federal, telecom, automotive, and consulting industries. Adept at turning complex, ambiguous problems into intuitive products, partnering with engineering and leadership to drive measurable adoption and business impact.

Expertise

- Research:** User research (qual & quant), competitive analysis, A/B testing, user interviews & surveys, affinity mapping
- Design:** Design thinking, design systems, wireframing, prototyping, visual & interaction design, user flows, personas, journeys
- Delivery:** Usability testing, 508 & accessibility testing, stakeholder management, UX team leadership, Agile

Experience

- Inova Health System**
Senior UX/UI Designer, Analytics, AI & Data Governance
Aug '23 – Present
- Lead UX strategy for enterprise analytics, AI, and data governance across the health system, contributing to Inova's **HIMSS AMAM (Analytics Maturity) Stage 7** designation, the highest tier of analytics maturity in health IT.
- Drove product strategy and design for **Periscope**, an analytics marketplace serving **20,000+ employees** that cut time-to-find an asset by **68%**, unifying dashboards, reports, AI models, and data products into one discovery experience.
- Designed **Inova Assist**, a **HIPAA-compliant** enterprise AI assistant, defining conversation flows, AI error states, and trust-signal patterns within HIPAA and LLM constraints.
- Led discovery, wireframing, and data visualization for **25+ Tableau analytics dashboards**, including provider scorecards, executive KPI dashboards, and heart & vascular benchmarking.
- Built an enterprise inventory for **200+ AI models** migrated from Signal1, defining metadata standards, lifecycle tracking, and governance workflows for discoverability and transparency.
- Created the **Tableau design system** and a **Power BI governance framework** (intake to certification), adopted across multiple teams during the Tableau-to-Power BI transition.
- Defined information architecture, personas, and taxonomy across **Power BI, Tableau, Epic, and SharePoint**, and integrated AI tools (UX Pilot, Figma AI) into the design workflow.
- CGI Inc.**
Senior Product Designer
Mar '22 – Jun '23
- Managed CGI's relationship with **Brightspeed**, leading design sprints with the VP and marketing team to grow customer acquisition and reduce attrition.
- Migrated and redesigned **150+ webpages** from Lumen and CenturyLink and built **15 new AEM components** for Brightspeed's brand launch.
- Drove a **47% increase in page views**, a **45% increase in unique pageviews**, and a **70% drop in bounce rate** (Google Analytics).
- Migrated the design system from Sketch to Figma, standardizing typography, color, and components across desktop, tablet, and mobile.
- Led a team of **4 designers** on a VR experience for high-stress social-skills practice, launching CGI into XR.
- Recipient of the **2023 CGI Partnership & Quality Award**.
- Softrams LLC**
Human-Centered Designer
Mar '19 – Apr '22
- Led a team of 2 researchers and designers on the **ACO Management System** (CMS / Medicare Shared Savings Program), serving **11M+ beneficiaries**.
- Redesigned modules with UX research and **508 accessibility** testing; the program reached a record **\$1.2B in Medicare savings**, up from \$739M the prior year.
- Supported user growth to **66 new enrollments and 140 renewals**, a 3% increase of ~324k beneficiaries year over year.
- Research and design for a business contract proposal helped win a **\$37M program**.
- Led research and design of **Hdrive**, a healthcare file-sharing SaaS app, from concept to high-fidelity prototypes.
- CarmaGuys LLC**
Front-end Developer & UX/UI
Jan '18 – Dec '18
- Redesigned and built an appointment and scheduling app for an auto-service startup using Angular, Bootstrap, and JavaScript.
- Ran stakeholder interviews and user research, and produced low- to high-fidelity prototypes in Adobe XD.
- Worcester Polytechnic Institute**
IT Lab Administrator
Jan '17 – Mar '18
- Provided technical support to faculty, staff, and students, and maintained department software and hardware.

Education

- Master of Science**
Worcester Polytechnic Institute
Interactive Media & Game Dev · 2016–2018 · [View thesis](#)
- Bachelor of Science**
University of Mumbai
Computer Engineering · 2011–2015

Tools

- Design:** Figma, Sketch, Adobe XD, UXPilot, Figma AI, Claude, ChatGPT, Photoshop, Illustrator, Mural, Miro, InVision, Balsamiq
- Development:** HTML/CSS, JavaScript, jQuery, Bootstrap, C#, NodeJS, Unity, Unreal, Maya
- Business & Analytics:** Jira, Confluence, SQL, Power BI, Tableau, Google Analytics, Pendo, SharePoint, AEM, Lucidchart

Certifications

- SAFe® 6** Product Owner / Product Manager (POPM)
SAFe® 5 Practitioner
- AR/VR/MR/XR UX** (University of Michigan)
- Google UX Design** Certificate (4-course)
